

Especificação Técnica - RPA_SUP_01

Documento utilizado para definição e desenho do exercício proposto pelo Automation Anywhere para a certificação "Automation Anywhere Advanced RPA Developer – 360"

Histórico de mudanças

Data	Versão	Mudança realizada
21/01/2024	1.0.0	Criação da especificação técnica

1. Introdução

1.1. Resumo do processo

O RPA realiza consultas dentro de um site contendo todas as ordens de compras associadas a um representante. Após isso, preenche os campos de um formulário com os dados e realiza o envio.

2. Descrição detalhada do processo

2.1. Informações importantes

- É necessário possuir uma conta de usuário no Automation Anywhere University para consumir os sites utilizados.
- Não é possível compartilhar o código com terceiros. O vídeo mostrando o passo a passo está disponível no repositório.

Para criar uma conta gratuita no Automation Anywhere University, acesse o link: [Criar conta](#)

Acesse o link para verificar o vídeo da solução desenvolvida:

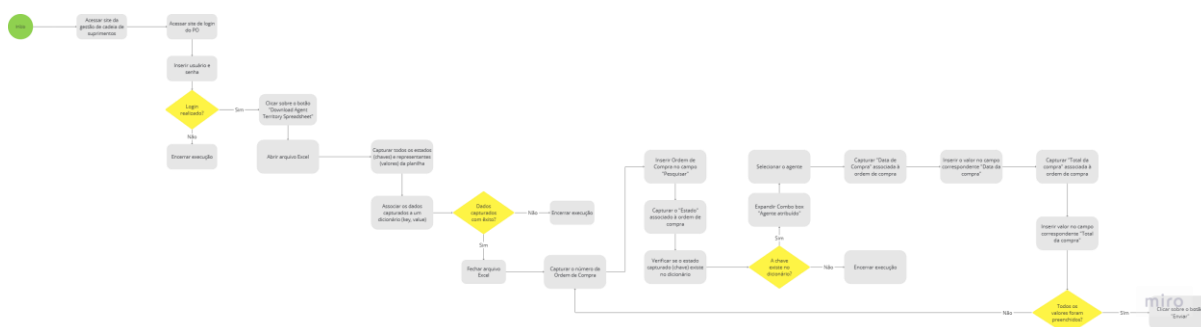

2.2. Ferramentas utilizadas

Tecnologias	Arquivos / Caminhos	Versão	Tipo
Excel	StateAssignments.xlsx		Desktop
Google Chrome	Supply Chain Management PO Tracking - Login PO Tracking Lookup		Web

2.3. Pré-Condições

1. Acesso ao Automation Anywhere Community necessário para acessar as aplicações web utilizadas.
2. Credenciais (usuário e senha) disponíveis para efetuar login.
3. Excel desktop instalado na máquina.

2.4. Fluxograma

3.0. Passo a passo para execução do processo

3.1. Acessar site Gestão de Suprimentos

Acessar o site principal contendo o formulário a ser preenchido com os dados da Ordem de Compra pesquisada.

Link de acesso: [Supply Chain Management](https://pathfinder.automationanywhere.com/challenges/automationanywherelabs-supplychainmanag...)

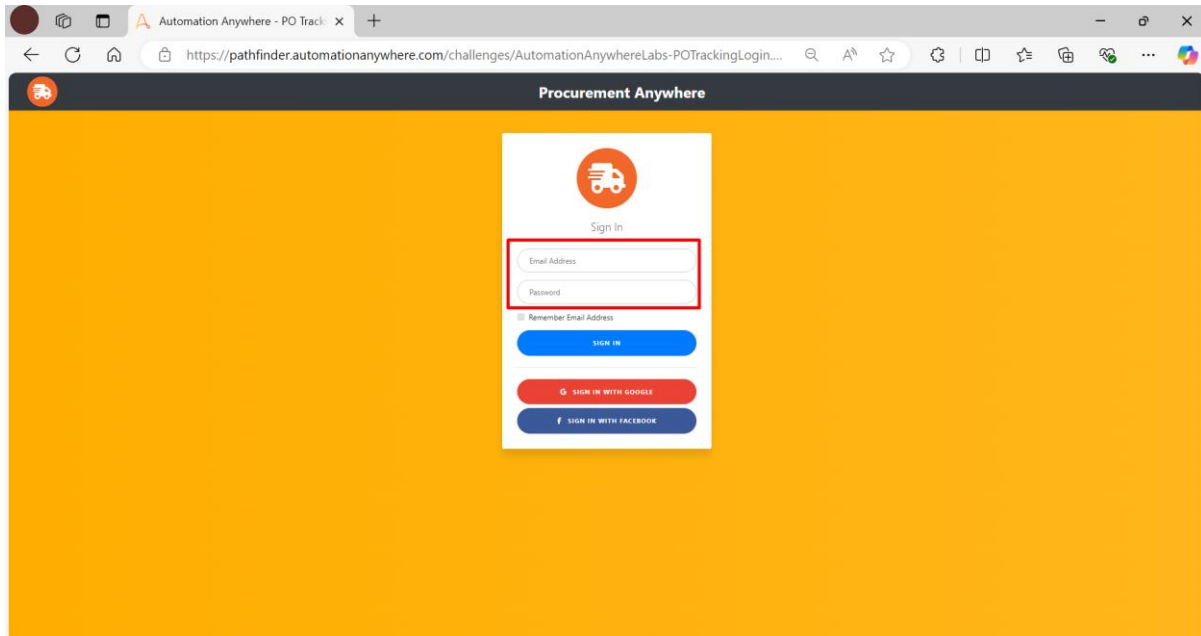

The screenshot shows a web browser window with the URL <https://pathfinder.automationanywhere.com/challenges/automationanywherelabs-supplychainmanag...>. The page has a green header with the Automation Anywhere logo and a navigation bar. The main content area is white and contains a section titled "Purchase Orders" with a sub-header "The following purchase orders must have their missing data filled in and they must be assigned to the appropriate individual based on the state in which their buyer resides. Note: All Order Total values need to be submitted as numbers only, no \$." Below this, there are three rows of data for purchase orders, each with a "PO Number", "Ship Date", "Order Total", and "Assigned Agent" dropdown menu.

PO Number	Ship Date	Order Total	Assigned Agent
64-209-3194	11/28/2019	\$ 134.92	Mitch Manders
97-092-7555	11/28/2019	\$ 523.19	Matthew Ineson
61-239-4300	9/19/2020	\$ 285.16	Johnny Reagan

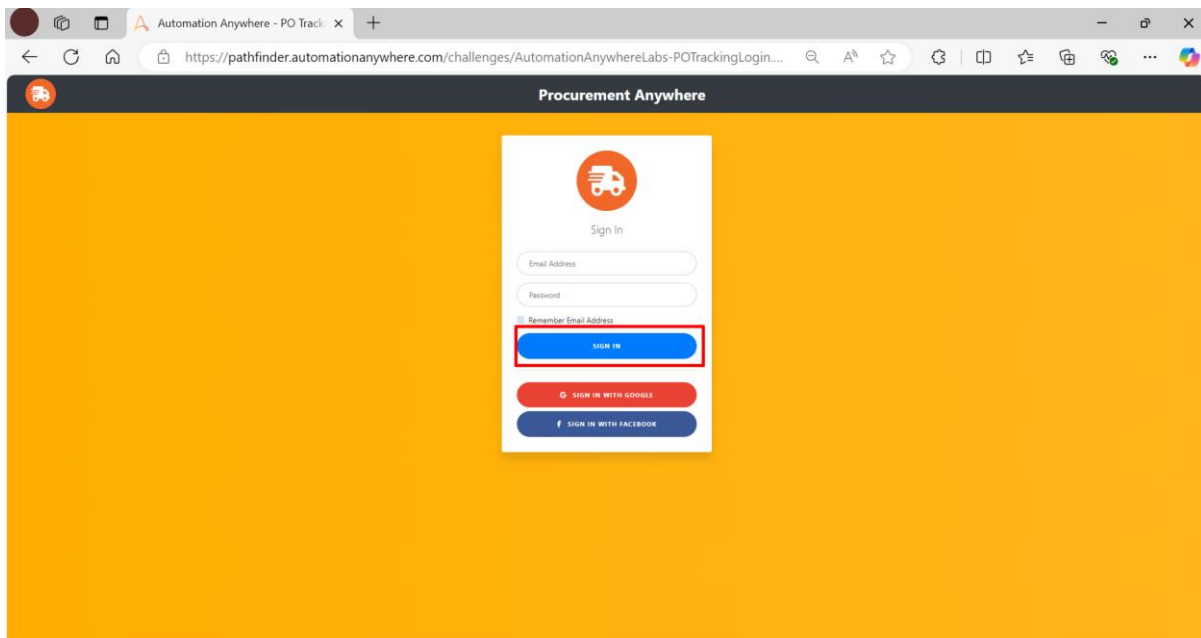

3.2. Acessar site de pesquisa de rastreamento de PO

[RF001] inserir o endereço de e-mail e senha do PO que está acessando o site.

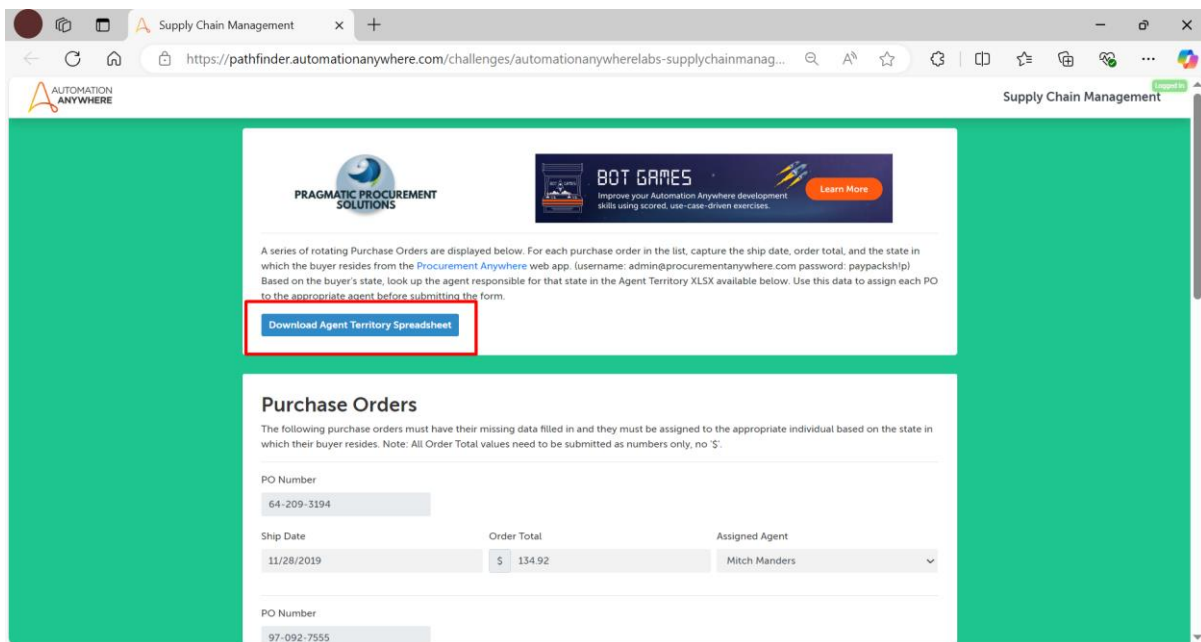

Link de acesso: [Login](#)

Selecionar o botão “Sign in” para logar no site.

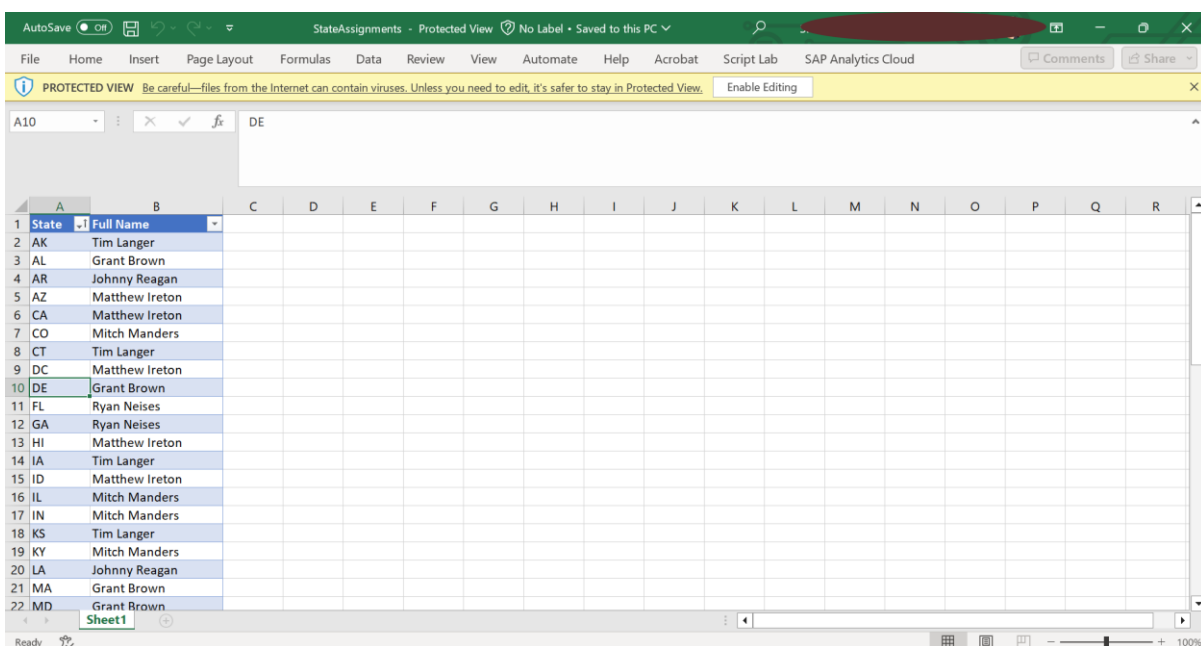

[RF002] Clicar sobre o botão “Download Agent Territory Spreadsheet”.

3.3. Excel

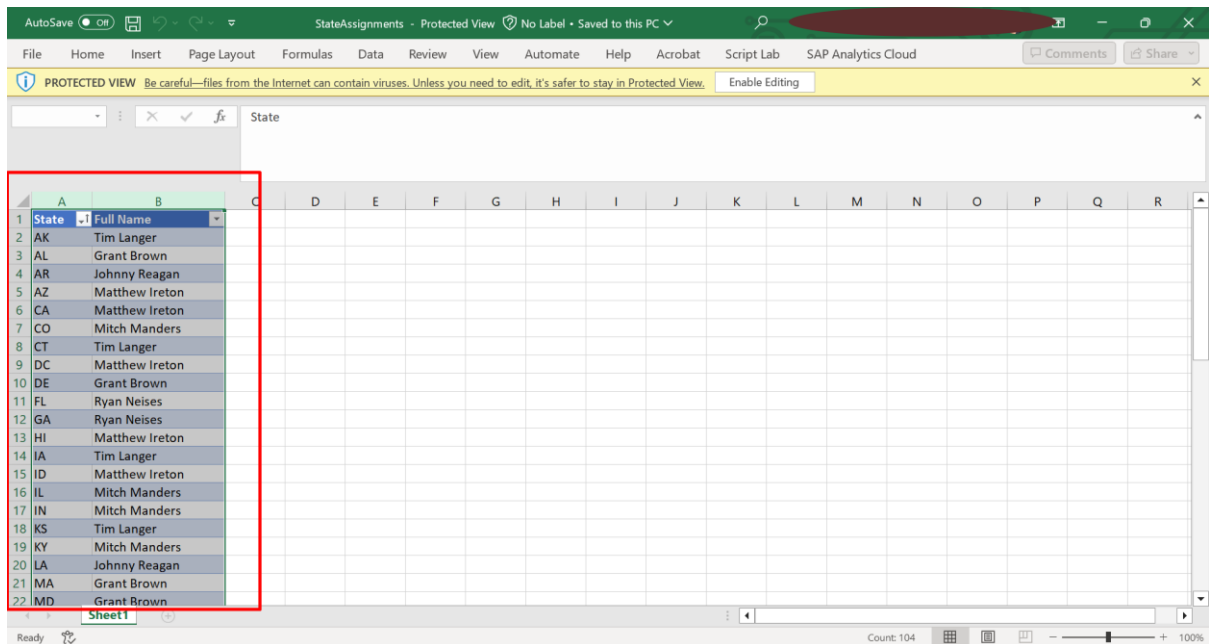

[RN001] Abrir o arquivo “StateAssignments” no Excel Desktop.

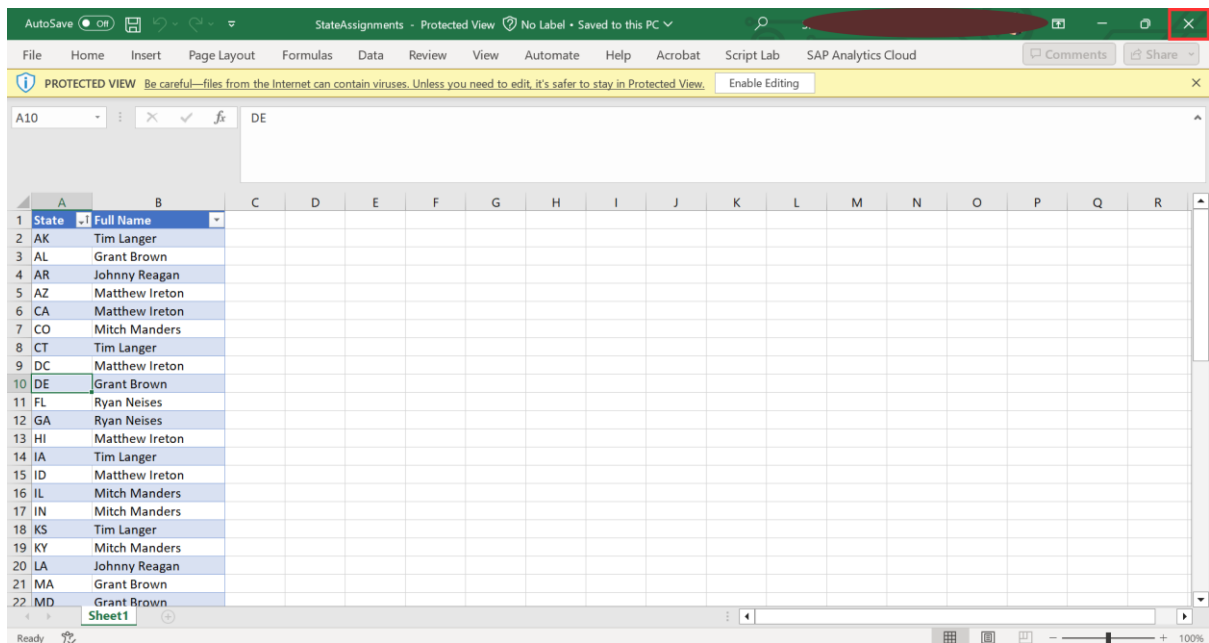

Para cada linha do arquivo, coletar todas as informações e realizar um DE x PARA para um dicionário da seguinte forma:

State > Chave

Full Name > Valor

Fechar arquivo Excel e seguir para o passo 4.0.

4.0 Acessar informações dos pedidos

4.1. Capturar o número do PO

Capturar e armazenar o valor de cada número de PO encontrado dentro de uma variável.

Automation ANYWHERE Supply Chain Management

Purchase Orders

The following purchase orders must have their missing data filled in and they must be assigned to the appropriate individual based on the state in which their buyer resides. Note: All Order Total values need to be submitted as numbers only, no '\$'.

4.2. Pesquisar número de PO

[RF003] Inserir no campo “Search” o valor do número de PO capturado anteriormente na etapa 4.1.

Use this Purchase Order Tracking page in conjunction with Automation Anywhere exercises to learn to use bots to search for data, and extract data from multiple pages.

Purchase Orders

Company XYZ purchase orders are all logged below. Please use the search and sorting capabilities to find the appropriate details for each order.

Show entries

Search:

PO Number	Buyer Org	Buyer Address	City	State	Zip	Ship Date	Order Total	Customer Contact
00-109-9027	Bernier Inc	7 Debra Circle	Sioux Falls	SD	48167	6/28/2020	\$775.24	zkaleycu@unblog.fr
00-149-0117	Kilback and Sons	8888 Coolidge Center	Chicago	IL	59495	11/9/2019	\$605.17	dheggadonpi@slashdot.org
00-361-2706	Welch Group	38414 Dryden Plaza	Roanoke	VA	80100	10/24/2019	\$53.60	dstapford5i@spiegel.de

4.3. Capturar estado

Após o carregamento da tabela contendo as informações do PO, obter o estado do PO.
